

Join our Young Activist Leaders program

- Explore social justice with other Spokane-area young people who value equality, human rights, economic justice, and peace!
- Sharpen your skills to lead and make change!
- Involved in a group or club? Help make it even more effective!

“This program has been incredibly helpful and enjoyable. It helps young activists realize and utilize their own power and promotes their autonomy as leaders and organizers.”

“Not only did this program give me numerous, explicitly useful tools for my activism, it refueled my spirit every month and encouraged me immensely to stay involved and active. I was treated like my work really mattered.”
