# Engaging everyday people to building a just and nonviolent world since 1975

## Celebrating 40 Years: Our People-Powered Movement for Peace and Justice

### Knowing peace is possible:

PJALS members have led our region's opposition to US militarism and imperialism for 40 years! We stand together in spring rain, summer heat and smoke, and tell our truth: We must and can grow beyond militarism and end our endless wars, connecting the dots between out of control military spending and cuts to lifeline programs for struggling families.

### Supporting youth as leaders:

Our Young Activist Leaders Program offers passionate youth

leaders ways to deepen their analysis, sharpen their skills, and strengthen their own youth-led organizations and to strengthen inter-generational organizing within PJALS.

### Advancing criminal justice reform and police accountability:

PJALS members have been the backbone of community mobilizations for police oversight and accountability. With our partners, we are building Smart Justice Spokane's campaign to end racial disparities and win non-jail solutions, non-arrest solutions, culturally appropriate mental health & chemical dependency treatment, and smart hiring so we can stop the cycle of crime, save money, and change lives!

### Building our movement through grassroots leadership development:

Our Peace and Economic Justice Action Conference: Six years running, the largest leadership development and relationship-weaving gathering in the Inland Northwest has been energizing & inspiring grass roots activists to take action together for justice.

### Moving to end the death penalty:

The unceasing work of PJALS members helped lead to Governor Inslee's moratorium. Washington is now recognized as one of the likely next states to permanently end this costly, unjust, unfair, and irrational practice.

### Organizing for human rights in our local community, our state, and our world:

Putting nonviolence into action, we hold Nonviolent De-escalation Techniques Workshops to train peacekeepers for the Immigration Reform March, Pride, and other human rights mobilizations!

PJALS members and our partners will organize to defeat the anti-trans I-1515 this year and the anti-immigrant profiling initiative on the ballot in 2017!

*Every gift matters! Grassroots members and money means we have grassroots power.*
