Please join us for a panel and discussion with:

- Larry Shook, veteran/journalist
- Dr. Tom Jeannot, Professor at Gonzaga University
- Rev. Todd Eklof, Unitarian Universalist Church of Spokane

We look to challenge your assumptions about our continual wars by posing questions such as:

- Why are we willing to participate in war?
- How does war impact our society and psychology?
- What are the historical and cultural roots of militarism in America?
 - How does war connect with racism?
 - What is the moral cost of war?
